

Company Name: **JN-121409-Twin\_Systems-04-19-07**  
 Report: **Availability Aggregated For One Service On One Device**  
 Created on: **2007-06-05 07:07**  
 Period: **1 Month**  
 Start Date and Time: **2007-5-6 00:00:00**  
 Device: **EXCHANGE1-192.168.1.5**  
 Service: **Connectivity - First Security**

**Summary**

The availability aggregated for one service on one device presents the relative availability of one service on a given device. This is a valuable report as it presents in the simplest form possible how much time a service spent "available". This is a great deliverable report as it is easily understood by all users.

## Connectivity - First Security

● Misconfigured  
 ● Stale  
 ● No Data  
 ● Disconnected  
 ● Failed  
 ● Warning  
 ● Normal

State	Time	%
Misconfigured	0 second(s)	0.00%
Stale	0 second(s)	0.00%
No Data	3 minute(s) 30 second(s)	0.01%
